

Limited One Year Warranty

REDPOINT FOREST PRODUCTS warrants K3 Underlayment panels for the lifetime of the original installation when installed in residential construction and in accordance with the REDPOINT FOREST PRODUCTS installation instructions. K3 Underlayment panels are recommended for installation of engineered hardwood flooring, ceramic tile, vinyl tile, resilient flooring and carpet. REDPOINT FOREST PRODUCTS warrants K3 Underlayment panels:

- Will not delaminate.
- Will not have core voids or core laps that make the plywood unsuitable for flooring underlayment.
- Will not be the sole cause of staining or discoloration of the flooring product.

This warranty does not apply to commercial installations, products that have been misused, improper installation, fire, accident, floods or any natural disaster. This warranty is void if any repairs are made prior to inspection and approval from REDPOINT FOREST PRODUCTS.

If any panels from REDPOINT FOREST PRODUCTS do not meet the above stipulations REDPOINT FOREST PRODUCTS will resolve the claim in one of the following ways:

- Provide replacement panels or refund the full purchase price of the panels.
- Repair or replace the panels, adhesive and floor covering affected including reasonable labor cost.

REDPOINT FOREST PRODUCTS liability of any claim shall be limited to the cost of the installation labor, adhesive and flooring covering affected by the panels' failure and will not be liable for any incidental or consequential damages. The warranty is non-transferable and applies only to original use.

Claims under this warranty are valid only under the following conditions:

- Written notice of the claim must be presented to REDPOINT FOREST PRODUCTS within 30 days of discovery of the defect. REDPOINT FOREST PRODUCTS or its appointed agent must be given 30 days after the notification to inspect the floors prior to any alteration, repair or change.
- REDPOINT FOREST PRODUCTS is not responsible for claims due to improper handling or installation, standing water, fire floods or other natural or man-made disasters which may affect the performance of the panels.
